3M™ SCRATCH REMOVER | 39044

- 3M™ Scratch Remover adapts the trusted technology and innovation found in the professional scratch repair products into a simple solution.
- It uses fine minerals to remove the scratches from the paint and gradually bring back a high-polish finish.
- The formula contains no wax so scratches are polished out, not filled in with wax, and it is safe for clear coats.

DIRECTIONS FOR USE:

It's fast and easy to use:

BY HAND

- | | | |
|----------|---|--------------------------|
| A | Clean the car with 3M™ Car Wash Soap to remove dirt and residue | <input type="checkbox"/> |
| B | Dispense a walnut-sized amount of 3M Scratch Remover onto a clean, soft terry towel | <input type="checkbox"/> |
| C | Rub over surface using a firm circular motion until the 3M Scratch Remover is dry | <input type="checkbox"/> |
| D | Remove remaining product with a 3M™ Microfibre Detail Cloth. To enhance the result, apply 3M™ Performance Finish or 3M™ Quick Wax | <input type="checkbox"/> |

BY MACHINE

- | | | |
|----------|---|--------------------------|
| A | Dispense a small amount of 3M™ Scratch Remover onto a random orbital polisher equipped with a clean foam pad or polishing mop | <input type="checkbox"/> |
| B | Slowly work the liquid over each surface, one panel at a time and with medium pressure until product is dry and the scratches are removed | <input type="checkbox"/> |
| C | Repeat as necessary, taking care not to work each area excessively | <input type="checkbox"/> |
| D | Remove any residue with a 3M™ Microfibre Detail Cloth | <input type="checkbox"/> |
